UniShack's Mission Statement

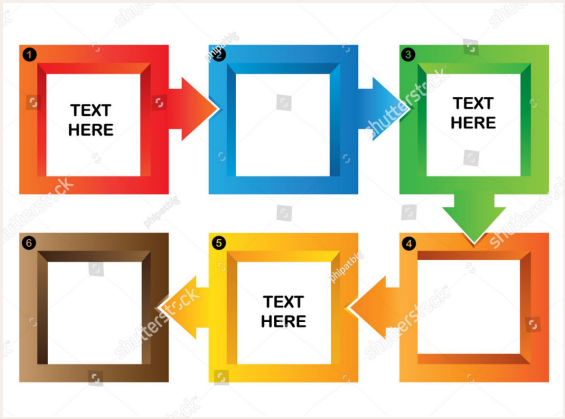

UniShack is a **student housing platform** that helps students find off-campus housing near their university. We provide **detailed listings, virtual tours, and verified reviews** to help students make informed housing decisions.

My Contributions

Business Development

Develop a plan to expand the business presence outside of UCLA, including USC, UCSD, and SDSU

Flowchart

Create a flowchart to standardize the process of onboarding students and property when expanding to new areas

Webscraper

Build a webscraper to gather contact information of property managers near the target campus for reaching out.

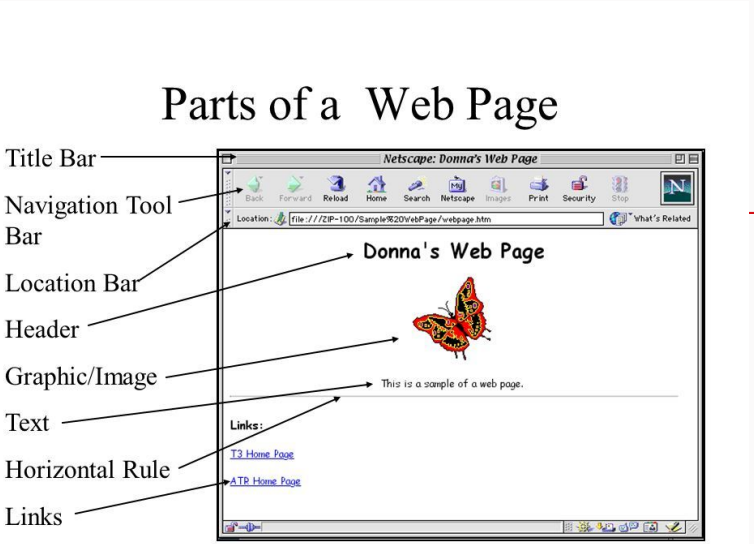

What is a Webscraper

Elements

What I Applied

Technical Skills

I joined Entrepreneurship minor to complement my CSE major and learn how technical knowledge can be used in the real world.

Flexibility

I learned that in the entrepreneurial world, everyone should be flexible and be able to take on any necessary tasks.

What I Learned

Revenue Streams

From this internship, I learned how to be creative with generating revenue streams and see how to make money in different angles.

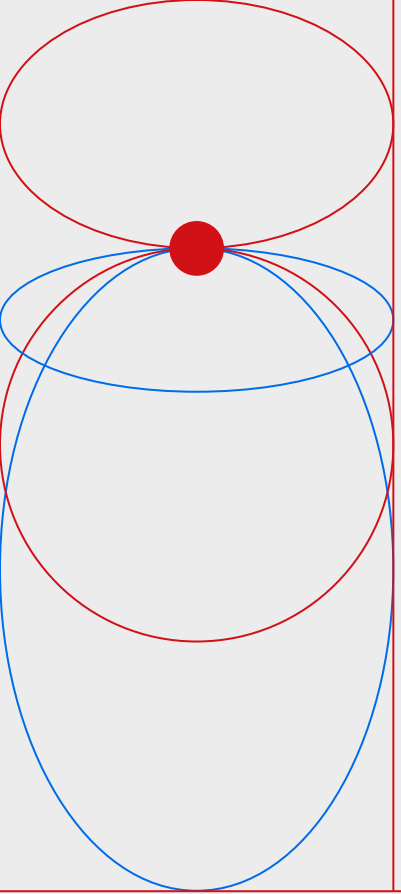

Communication

I learned how to communication my progress better and how to be more transparent with my performance.

Thank you *Prof. Pierce* and *Sofia!!!*
